See the message below that I just got from HSIA. They may want to pay for Barbara to travel to the workshop. Any suggestions on how to respond? I don't think I should give her a call back without others on the line. If I don't hear back from anyone this afternoon I will let her know that I am a fellow and have shared her message with the TCE team.

Brad

Bradley,

I understand that you spoke to Barbara Kanegsberg about speaking at the workshop later this month. Since you couldn't pay her expenses, she declined.

HSIA may be willing to pay for her to come and participate as she has "cleaning" expertise that few others have in the US.

Give me a call to discuss please.

Thanks,
Faye
